

SHARK Disc

The SHARK Disc is a 120 mm RGB LED fan that ensures a constant airflow. And, thanks to its nine addressable RGB LEDs, it will also bring a breath of fresh air into the inside of the PC case with impressive lighting effects. In addition, due to its rubberized contact points, vibrations are not transmitted to the case, thus ensuring a low-noise operation.

Features

■ COLORFUL VARIETY

Nine addressable LEDs provide a colorful illumination and let the inside of the PC casing shine in a new light. A spectrum of 16.8 million colors is available, which can be adjusted to personal taste using RGB controllers or through the software of compatible mainboards.

■ EASY TO CONNECT

For the greatest possible compatibility, the RGB LEDs of the SHARK Disc fan can be connected via a 3-pin 5V-D-G or a 4-pin 5V-D-coded-G connector, depending on the mainboard or controller.

■ UNCOMPLICATED INTEGRATION

The SHARK Disc fan is compatible with Asus Aura Sync, MSI Mystic Light Sync, Gigabyte Fusion and most other brands with the appropriate pinout, making integration into existing systems child's play.

■ LOW NOISE OPERATION

Thanks to its fluid dynamic bearing, the noise generated by the SHARK Disc fan is kept at a pleasantly low level even after long periods of continuous operation. At 1,000 rpm, the noise level of the fan does not exceed the 17.5 decibel mark.

■ DECOUPLED RUNNING

The SHARK Disc fan is equipped with rubberized contact points, which reduce the direct contact between the fan and the PC casing. This results in optimal running smoothness while, at the same time, minimizing case vibration.

Specifications

Product Name	SHARK Disc
Fan Speed	1,000 rpm \pm 10 %
Bearing Type	Fluid Dynamic Bearing
Max. Airflow	59 m ³ /h
Max. Air Pressure	0.93 mm-H ₂ O
Noise Level	17.5 dB(A)
MTBF	Min. 50,000 Hours
Illumination	9x Addressable RGB LEDs
Weight incl. Fixed Cable	97 g
Dimensions (L x W x H)	120 x 120 x 25 mm

Cable and Connectors

Fan Connector	3-Pin
LED Connector	3-Pin (5V-D-G) & 4-Pin (5V-D-coded-G)
Fan Cable Length	450 mm
LED Cable Length	500 + 50 mm

Electrical Specifications

Rated Voltage Fan	12 V
Rated Voltage LED	5 V
Rated Current Fan	0.15 A
Rated Current LEDs	0.4 A
Rated Power Fan	1.8 W
Rated Power LEDs	2.0 W
Start Voltage	7 V

Package Contents

SHARK Disc, Set with Fan Screws, Manual

EAN Code

SHARK Disc 4044951032372
