

# MK3 RGB

The MK3 RGB puts the focus on a classically minimalist look with an air-permeable front panel and a high level of functionality. Despite its compact micro-ATX form factor, the case is ideal for gaming PCs, office PCs, or multimedia stations thanks to enough space for even large pieces of hardware and installation room for up to eleven fans.

## Features

- TEMPERED-GLASS SIDE AND AIR-PERMEABLE FRONT**  
 In addition to its tempered-glass side panel, the MK3 RGB has a front panel that has been designed to optimally support the airflow inside the case by allowing the easy entry of air from the outside.
- FOUR PRE-INSTALLED FANS**  
 Up to eleven fans have room in the MK3 RGB, four of which are already pre-installed: Three 120 mm PWM fans with addressable RGB are located behind the front panel and an identical fan is on the rear panel.
- DUAL-RADIATOR SUPPORT**  
 Those who prefer water cooling will also be happy with the MK3 RGB, as two radiators can be simultaneously operated, if required.
- COMPATIBLE WITH BTF MAINBOARDS**  
 Apart from conventional mini-ITX and micro-ATX mainboards, the MK3 RGB is also compatible with almost all BTF formats on the market.
- MODERN CONNECTION OPTIONS**  
 To connect a wide range of mobile and peripheral devices, the MK3 RGB has a modern TRRS and USB-C port on the front of the top panel. In addition, a controller provides the connection and operation of up to four RGB LED components while also serving as a hub for up to four PWM fans.
- PLENTY OF SPACE FOR HARDWARE**  
 The inside the MK3 RGB has been designed to accommodate large graphics cards with a length of up to 41 cm, while the mounting is supported by a rubber-surfaced graphics card holder. In addition, CPU coolers with a height of up to 17 cm can be installed, as well as power supply units with a length of up to 23.5 cm. And there is installation space for up to two 3.5" HDDs or three 2.5" SSDs.

## Specifications

Product Name	MK3 RGB
Form Factor	Micro-ATX
Expansion Slots	5
Interior Painting	✓
Tool-Free Devices Installation	✓
Cable Management System	✓
Side Panel	Tempered Glass
Graphics Card Holder	✓
Color Versions	Black
Dimensions (L x W x H)	46.0 x 22.5 x 44.5 cm

### Max. Drive Bays

2 x 3.5" | 3 x 2.5"

### I/O

Type-C (USB 3.2 Gen 2): 1 | USB 3.0 (Top): 2 | Audio (Top): TRRS

### Fan Configuration

Front Panel	3x 120 mm Addressable RGB LED PWM Fan (Pre-installed) or Radiator (Optional)
Rear Panel	1x 120 mm Addressable RGB LED PWM Fan (Pre-installed)
Top Panel	3x 120 mm or 2x 140 mm Fan or Radiator (Optional)
Side Panel	2x 120 mm or 2x 140 mm Fan or Radiator* (Optional)
Bottom Panel	2x 120 mm Fan (Optional)
PWM Fan Hub	4-Port

### RGB Compatibility

Type	Addressable
Ports	4
Manual Control	22 Modes
Mainboard Compatibility	MSI Mystic Light Sync, ASUS Aura Sync, Gigabyte RGB Fusion Ready, ASRock Polychrome Sync
RGB Pinout	5V-D-coded-G

### Compatibility

Mainboard	Mini-ITX, Micro-ATX (BTF)
Max. Length Graphics Card	38.5 / 41.0** cm
Max. Height CPU Cooler	17.0 cm
Max. Length PSU	23.5 cm
Max. Height Radiator incl. Fan (Front) / (Top)	6.0 / 6.0 cm

### Package Contents

MK3 RGB, Accessory Set

### EAN Code

MK3 RGB Black 4044951041749

\* A graphics card length of more than 26 cm may conflict with radiator installation on side panel  
 \*\* Without front fan
