

AK2 RGB

With a front panel that is both low key and stylish, the AK2 RGB doesn't miss out on good looks and, at the same time, is the perfect PC case for either gaming, office, or multimedia. And with its modern compatibility, space for large pieces of hardware, and room for up to eleven fans, this case offers plenty of potential for performance, whatever the application.

Features

■ LOW-KEY LOOK WITH HARDWARE SHOWCASE

Thanks to its low-key design and its tempered-glass side panel, the AK2 RGB is ideal for putting the focus on the installed hardware inside.

■ TWO PRE-INSTALLED FANS

Two 120 mm fans are already pre-installed in the AK2 RGB – one fan behind the front panel and one RGB-illuminated PWM fan on the rear panel. Up to eleven fans will find room in the case.

■ SPACE FOR UP TO TWO RADIATORS

Even water-cooling enthusiasts will be happy with the AK2, as two radiators with up to 360 mm can be simultaneously operated, if required.

■ SUPPORT FOR BTF MAINBOARDS

In addition to conventional mini-ITX, micro-ATX or ATX mainboards, the AK2 RGB is also compatible with almost all BTF formats on the market.

■ IDEAL CONNECTIONS

To connect a wide range of mobile and peripheral devices, the AK2 RGB has a modern TRRS and USB-C port on the front of the top panel. In addition, a controller provides the connection and operation of up to four RGB LED components and four PWM fans.

■ SPACIOUS DESIGN INSIDE

The AK2 RGB can accommodate large graphics cards of up to 41 cm, while mounting support is provided by a graphics card holder with a rubber surface. In addition, a CPU cooler with a height of up to 17 cm can be installed, as well as a power supply unit with a length of up to 23.5 cm. And there is installation space for up to two 3.5" HDDs or four 2.5" SSDs.

Specifications

Product Name	AK2 RGB
Form Factor	ATX
Expansion Slots	7
Interior Painting	✓
Tool-Free Devices Installation	✓
Cable Management System	✓
Side Panel	Tempered Glass
Graphics Card Holder	✓
Color Versions	Black
Dimensions (L x W x H)	46.0 x 22.5 x 48.5 cm

Max. Drive Bays

2 x 3.5" | 4 x 2.5"

I/O

Type-C (USB 3.2 Gen 2): 1 | USB 3.0 (Top): 2 | Audio (Top): TRRS

Fan Configuration

Front Panel	1x 120 mm Fan (Pre-Installed) + 2x 120 mm Fan (Optional) or Radiator (Optional)
