

STEEL SHARK

Clean lines, powerful cooling, uncompromising looks: With the Steel Shark, Sharkoon presents a stylish dual-chamber ATX case that combines modern design with an especially clean interior layout. Tempered glass on the front and side panel, four pre-installed ARGB PWM fans, extensive cooling options, and BTF support make the Steel Shark the ideal foundation for powerful and visually impressive gaming systems.

Features

NEAT DUAL-CHAMBER DESIGN

Thanks to its well-thought-out dual-chamber design, the Steel Shark clearly separates the hardware area from the power supply and cable management. This results in an extra tidy look in the main chamber, while cables, drives, and the power supply can be discreetly housed at the rear.

GLASS DESIGN FOR MAXIMUM HARDWARE PRESENTATION

The front and side panel of the Steel Shark are made of tempered glass, providing a clear view of the installed hardware and integrated lighting. This makes the case ideal for users who want to showcase their system not only with performance, but also with striking visuals.

FOUR PRE-INSTALLED ARGB PWM FANS

Out of the box, the Steel Shark comes equipped with four 120 mm ARGB PWM fans. These ensure effective airflow while also highlighting the system with stylish lighting effects. A practical five-port ARGB controller with a five-port PWM fan hub is also included!

EXTENSIVE COOLING OPTIONS

Up to eleven fans can be installed inside the Steel Shark. In addition, the case supports the simultaneous installation of two radiators, making it an excellent choice for water-cooling enthusiasts who want to cool their system efficiently and quietly.

SUPPORT FOR ATX MOTHERBOARDS WITH BTF DESIGN

Alongside standard ATX motherboards, the Steel Shark also supports models with BTF design. Thanks to rear-mounted connectors, cable management is further optimized and the clean appearance of the system is enhanced even more.

SPACE FOR POWERFUL HARDWARE

The Steel Shark also offers flexibility when it comes to high-performance components: It supports graphics cards with a length of up to 42.4 cm, CPU coolers with a height of up to 16.8 cm, and power supplies with a length of up to 24.4 cm.

Specifications

Product Name	Steel Shark
Form Factor	ATX
Expansion Slots	7
Interior Painting	✓
Cable Management System	✓
Side Panel	Tempered Glass
Graphics Card Holder	✓
Color Versions	Black
Dimensions (L x W x H)	46.0 x 28.5 x 45.2 cm

RGB Compatibility

Type	Addressable
Ports	5
Manual Control	22 Modes
Motherboard Compatibility	MSI Mystic Light Sync, ASUS Aura Sync, Gigabyte RGB Fusion Ready, ASRock Polychrome Sync
RGB Pinout	5V-D-coded-G

Max. Drive Bays

2x 3.5" 2x 2.5"

I/O

Type-C (USB 3.2 Gen 2):1 USB 3.0 (Front):2 Audio (Front): TRRS
--

Fan Configuration

Side Panel	3x 120 mm ARGB PWM Fan (Pre-installed) or Radiator* (Optional)
Rear Panel	1x 120 mm ARGB PWM Fan (Pre-installed)
Top Panel	3x 120 mm or 2x 140 mm Fan or Radiator (Optional)
Bottom Panel	3x 120 mm Fan (Optional)

Compatibility

Mainboard	Mini-ITX, Micro-ATX, ATX (BTF)
Max. Length Graphics Card	42.4 cm
Max. Height CPU Cooler	16.8 cm
Max. Length PSU	24.4 cm
Max. Height Radiator incl. Fan (Top)	9.5 cm
Max. Height Radiator incl. Fan (Side)	5.5 cm

Package Contents

Steel Shark, Accessory Set

EAN Code

Steel Shark	4044951044924
