

S40

Equipped with a 360 mm radiator, the S40 from Sharkoon is a powerful all-in-one water-cooling system that focuses on the essentials: strong cooling performance, solid materials, and easy installation and use. With three pre-installed PWM fans, a generously dimensioned pump unit, and a copper plate, it offers reliable performance for modern hardware builds.

Features

■ STRONG COOLING PERFORMANCE

The 360 mm radiator of the S40 ARGB enables efficient heat dissipation, even when your hardware is working at a high load. This makes the all-in-one water-cooling system a reliable choice for powerful gaming PCs and demanding applications.

■ OPTIMIZED FANS

Three 120 mm PWM fans are already pre-installed on the S40 to ensure a powerful airflow. Thanks to PWM control, they can be flexibly regulated to maintain a balance between cooling performance and noise level.

■ SIMPLE DESIGN

The extra-large, square pump unit of the S40 presents itself with clear contours and a classic minimalist design. The S40 can thus be optimally integrated into all kinds of hardware builds.

■ EFFICIENT HEAT TRANSFER

The large copper plate on the underside of the pump unit ensures optimal heat transfer from the processor to the cooling cycle. This ensures a stable performance even during intensive use.

■ TIDY CABLE MANAGEMENT

The S40 fans are equipped with daisy-chain connectors, and connecting the fans with each other is easy. The daisy-chain cabling reduces the amount of cables and supports a tidy look inside the PC case.

■ COMPATIBILITY AND ACCESSORIES

The S40 is compatible with all common sockets such as LGA 1700/1851 and AM4/AM5. The required thermal paste is also included – so that you can immediately begin with the installation.

Specifications

Product Name	S40
CPU Socket Compatibility	Intel® LGA 1700 / 1851 AMD® AM4 / AM5
Weight	1.34 kg

Water Block & Pump

Dimensions (L x W x H)	65 x 65 x 59 mm
Cold Plate Material	Copper
Pump Speed	2,100 – 2,700 rpm ± 10 %
Rated Voltage (Pump)	12 V
Rated Current (Pump)	0.24 A
Rated Power (Pump)	2.88 W
Pump Connector	4-Pin PWM
Pump Cable Length	280 ± 10 mm

Radiator

Type	Brazed Radiator
Dimensions (L x W x H)	396 x 120 x 27 mm
Material	Aluminium Alloy

Tubing

Length	400 mm
--------	--------

Fans

Number of Fans	3
Dimensions (L x W x H)	120 x 120 x 25 mm
Fan Speed	500 – 2,000 rpm ± 10 %
Max. Airflow	141.75 m³/h
Max. Air Pressure	2.18 mmH ₂ O
Max. Noise Level	34.3 dB(A)
Rated Voltage (Fan)	12 V
Rated Current (Fan)	0.40 A
Rated Power (Fan)	4.8 W
Fan Connector	4-Pin PWM
Fan Cable Length	500 mm

Package Contents

S40, Intel® Mounting Bracket, AMD® Mounting Bracket, Backplate, Mounting Screws, Thermal Paste
