

S60 ARGB

With its 360 mm radiator, the S60 ARGB from Sharkoon is a powerful all-in-one water-cooling system that combines a modern design with efficient cooling performance. It is equipped with three pre-installed 120 mm ARGB PWM fans, a pump unit with a mirror effect, and a robust copper plate. In addition, the system is made for reliable performance, optimal cable management, and broad compatibility with common motherboards.

Features

EFFICIENT COOLING

The extra-large 360 mm radiator of the S60 ARGB provides an excellent heat dissipation that reliably keeps even high-performance hardware builds within optimal ranges of temperature. This makes the all-in-one water-cooling system the ideal choice for either gaming PCs or demanding workstations.

STRONG FAN PERFORMANCE

Three 120 mm ARGB PWM fans are already pre-installed on the S60 ARGB. Not only do they provide a powerful airflow, but their speed can also be flexibly adjusted to achieve the ideal balance between cooling capacity and noise levels.

EYE-CATCHING DESIGN

With its mirror effect, the square pump unit of the S60 ARGB will provide a visual accent inside the PC case. And in combination with the ARGB illumination, the water-cooling system is a modern highlight that will effortlessly blend into a variety of hardware builds.

ROBUST MATERIALS

The copper plate on the underside of the pump unit ensures an excellent heat transfer from the processor to the cooling cycle. This enables efficient and stable cooling performance even at high loads.

SIMPLE CABLE MANAGEMENT

Thanks to the daisy-chain connectors, the fans of the S60 ARGB can be easily connected to each other. This significantly reduces the amount of cabling and supports a tidy hardware build with a clean look.

WIDE COMPATIBILITY

The S60 ARGB is compatible with all common sockets such as LGA 1700/1851 and AM4/AM5. The required thermal paste is also included – so that you can immediately begin with the installation.

Specifications

Product Name	S60 ARGB
CPU Socket Compatibility	Intel® LGA 1700 / 1851 AMD® AM4 / AM5
Weight	1.36 kg
Water Block & Pump	
Dimensions (L x W x H)	65 x 65 x 59 mm
Cold Plate Material	Copper
Pump Speed	2,100 – 2,700 rpm ± 10 %
Rated Voltage (Pump)	12 V
Rated Voltage (LEDs)	5 V
Rated Current (Pump)	0.24 A
Rated Current (LEDs)	0.52 A
Rated Power (Pump)	2.88 W
Rated Power (LEDs)	2.6 W
Pump Connector	4-Pin PWM
LED Connector	4-Pin (5V-D-coded-G)
Pump Cable Length	280 ± 10 mm
LED Cable Length	720 ± 10 mm

Radiator

Type	Brazed Radiator
Dimensions (L x W x H)	396 x 120 x 27 mm
Material	Aluminium Alloy

Tubing

Length	400 mm
--------	--------

Fans

Number of Fans	3
Dimensions (L x W x H)	120 x 120 x 25 mm
Fan Speed	500 – 2,000 rpm ± 10 %
Max. Airflow	141.75 m³/h
Max. Air Pressure	2.18 mmH ₂ O
Max. Noise Level	34.3 dB(A)
Illumination	8x ARGB LED
Rated Voltage (Fan)	12 V
Rated Voltage (LEDs)	5 V
Rated Current (Fan)	0.40 A
Rated Current (LEDs)	0.32 A
Rated Power (Fan)	4.8 W
Rated Power (LEDs)	1.6 W
Fan Connector	7-Pin PWM*
LED Connector	4-Pin (5V-D-coded-G)
Fan Cable Length	500 mm
LED Cable Length	500 mm

Package Contents

S60 ARGB, Intel® Mounting Bracket, AMD® Mounting Bracket, Backplate, Mounting Screws, Thermal Paste

EAN Code

S60 ARGB Black	4044951044948
S60 ARGB White	4044951044955

* Combined 4-pin PWM and 3-pin ARGB connection
