With special attention to immersive gaming, we have equipped the keyboard with the latest generation of reactive Gateron G 3.0 Pro Yellow switches with linear feedback.

### ■ FULLY ADAPTABLE

Thanks to a variety of easily accessible functions and the compatibility with VIA/QMK, the included keyboard can be fully customized as and when required.

### ■ STYLISH AVIATOR CABLE

Another eye-catching feature of the bundle is the aviator coiled-cable set, which always stays in good shape thanks to its weighted cable rod made of metal.
