

SKILLER SGH50

The SKILLER SGH50 offers a comprehensive all-round package for gamers and music lovers alike. Through careful acoustic optimization and an impedance of 55 ohms, we have been able to achieve certified Hi-Res audio quality and a well-balanced sound. This allows the user to enjoy fine details in music and to precisely locate opponents in games. Moreover, the cushioned ear pads will ensure hours of comfortable wearing.

Features

HEAVENLY SOUND

In addition to its Hi-Res audio quality and the certified wide frequency response from 10 Hz to 40 kHz, the SKILLER SGH50 also scores with its particularly high-performing speakers. These are able to reproduce sounds powerfully and impressively whether they are explosions or pieces of music.

PERFECT FOR VIDEO CONFERENCES

Thanks to the natural recording characteristics of the detachable microphone with the included pop filter, voice is transmitted clearly and without distortion.

THE PERFECT FIT

The cushioned, circumaural ear cups and the headband are covered with a particularly comfortable, soft synthetic leather to ensure that the SKILLER SGH50 can be worn for hours. The ear cups adjust automatically to the shape of the head, providing immediate comfort and allowing the headset to be put on quickly and without effort.

CLEVER CABLE SYSTEM

The modular cable system is flexible in every sense of the word - thanks to its robust and supple TPE sheathing and also due to the modular plug system, which allows various kinds of devices to be connected without any problems. And with the compact inline controller, the volume and mute function are always close at hand.

ELEGANT DESIGN

Thanks to its timeless, black design, the SKILLER SGH50 will find a practical use in video conferences. The light-colored seams of the ear pads complement the subtly designed aluminum surface of the ear cups as well as the dynamic metallic look of the headframe. With this timeless, elegant appearance, the headset will always cut a fine figure.

Specifications

Product Name	SKILLER SGH50
Type	Stereo Headset
Design	Circumaural
Connector	TRRS/3.5 mm Stereo Plugs
Inline Controller	✓
Weight without Cable	342 g

Headphone Specifications

Speaker Diameter	50 mm
Impedance	55 Ω
Frequency Response	10 Hz - 40,000 Hz
Sensitivity	112 dB ± 3 dB
Max. Power	40 mW
Volume Control	Via Inline Controller

Microphone Specifications

Direction	Omnidirectional
Impedance	2.2 kΩ
Frequency Response	100 Hz - 10,000 Hz
Sensitivity	-38 dB ± 3 dB
Detachable Microphone	✓
Flexible Microphone	✓
Microphone Mute	Via Inline Controller
