

OfficePal KB70W

The OfficePal KB70W takes your typing experience to a new level: With its gasket-mount design, a polycarbonate positioning plate, PU damping and durable PBT keycaps, the keyboard offers smooth, quiet typing with keys that are pleasantly cushioned, yet highly responsive – just what you need for everyday use in the office. Thanks to the dual-mode operation, hot-swap switches and support for the VIA open-source software, it also adapts to the way you work – and not the other way around.

Features

■ MAXIMUM COMFORT

The gasket-mount design of the OfficePal KB70W significantly reduces noise and provides a typing feeling that is particularly smooth and comfortable.

■ WORK THE WAY YOU WANT

The OfficePal KB70W supports wired or wireless operation for maximum flexibility. Its long battery life ensures uninterrupted work for many hours.

■ ABRASION-RESISTANT KEYCAPS WITH LUMINOSITY

The abrasion-resistant PBT keycaps of the OfficePal KB70W are manufactured using the double-shot process and are therefore especially durable. In addition, the south-facing ARGB illumination ensures a uniform illumination of the keys.

■ PRE-INSTALLED LINEAR SWITCHES

Factory-lubed, linear Sharkoon switches are pre-installed and ready for use. However, all the switches can be hot swapped in few simple steps and replaced with other commercially available switches to suit your own typing preferences.

■ CUSTOMIZABLE FUNCTIONALITY

Thanks to full VIA compatibility, you can freely reassign any key on the OfficePal KB70W or change the illumination to your liking. You can also easily create macros and assign these to a key of your choice.

■ SPACE FOR PRODUCTIVITY

With its full 3-block layout including a numeric keypad, the OfficePal KB70W offers all the keys that are needed for uncompromisingly efficient work.

Specifications

Product Name	OfficePal KB70W
Type	Dual-Mode Keyboard
Switch Technology	Hot-Swap
Gasket Mount	✓
Number of Keys	106 ISO
Keycap Material	PBT
Keycap Legend	Double Shot
Wireless Communication	2.4 GHz
Max. Wireless Range	10 m
Frequency Range	2.400 – 2.4835 GHz
EIRP Transmit Power	0 dBm
Operating Temperature	-10 to +45 °C
Illumination	RGB
Adjustable Illumination	✓
Lighting Effects	✓
Max. Polling Rate	1,000 Hz
Form Factor	3-Block Layout
Capacity of Onboard Memory	64 kB
Detachable Cable	✓
Weight incl. Cable	1,150 g
Weight without Cable	1,100 g
Dimensions (L x W x H)	445 x 135 x 35 mm
Supported Operating Systems	Windows

Battery Properties

Type	Lithium-Ion
Capacity	6,000 mAh
Battery Life	Max. 600 Hours
Recharge Options	Wired (USB)

Key Properties

N-Key Rollover Support	✓
Arrow Keys Functions are Interchangeable with the WASD Section	✓
Operating Force	41 ± 5 g
Switch Properties	Linear
Distance to Actuation Point	2.0 ± 0.4 mm
Click Point	Min. 50 Million Keystrokes

Cable and Connectors

Connector	USB-C to USB-A
Textile-Braided Cable	✓
Cable Length	180 cm
Gold-Plated USB Plug	✓

Compatibility

PCs/Notebooks	✓
PlayStation 4	✓*
PlayStation 5	✓*

* With deactivated NKRO: Use the open-source VIA software to assign any keyboard key with the command "Toggle NKRO", and press this key to deactivate.
