

SKILLER SGK20

Be a winner with the SKILLER SGK20! This mechanical keyboard combines a slim design with wide-ranging functionality. Equipped with durable, mechanical switches and a polling rate of 1,000 Hz, the SKILLER SGK20 is ready for quick-reaction gaming. The keyboard's rimless look will stylishly suit all kinds of setup, while its integrated cable channel will help to keep things in order.

Features

READY FOR ANYTHING

The SKILLER SGK20 comes with fast-reacting mechanical switches from Huano. The red switches are particularly suitable for enthusiastic gamers, thanks to their linear properties, which provide resistance-free use and are without clicking noises. Meanwhile, frequent typists as well as occasional gamers will especially enjoy the tactile brown switches.

TAILOR TO YOUR GAMING STYLE

To be fully prepared for any kind of situation, up to twenty game profiles can be saved using the SKILLER SGK20's software. As soon as you need any profile, it can be selected at any time with just a few clicks. And, of course, extensive command sequences can be easily recorded and saved using the software's intuitive macro function.

LET IT SHINE

The keys of the SKILLER SGK20 radiate with light! The integrated RGB illumination impresses with its colorful effects and becomes a visual highlight in any setup. Just a few clicks of the button will select and adjust how you want the keys to shine. 18 pre-programmed lighting effects are available, which can also be adjusted for hue, brightness and color. In addition, personalized lighting profiles can also be created for any occasion.

READY FOR LONG USE

With its durable, mechanical switches and a textile-braided cable, the SKILLER SGK20 is prepared for many demanding gaming sessions to come. To give their best over a long service life, the switches have been manufactured to endure 20 million keystrokes.

RIMLESS STYLE AND UNDISTURBED GAMING FUN

The subtle and simple design of the SKILLER SGK20 underlines the keyboard's focus on functionality and pure gaming fun. Slimly designed and without bulky edges, the keyboard easily blends into any kind of setup. The rimless look is complemented by a simple and effective cable management: A cable channel on the underside of the SKILLER SGK20 can be used to give the keyboard's cable an optimal and interference-free position.
