

OfficePal M25W

Thanks to its precise sensor and light weight, the OfficePal M25W is a compact mouse that can be used either with a stationary PC or mobile with notebooks. The simple choice between wireless or wired operation provides additional efficiency and freedom.

Features

■ WIRED OR WIRELESS OPERATION

For maximum efficiency, the OfficePal M25W can either be used with a wired connection or operated wirelessly using the USB nano receiver, which can be conveniently stowed within the mouse.

■ LONG-LASTING BATTERY LIFE

The built-in lithium-ion battery of the OfficePal M25W enables up to 50 hours of productive work and play without having to be recharged.

■ MOBILE CONNECTIVITY

As ever more mobile devices only have a USB-C port, the OfficePal M25W can be easily used on notebooks and compatible smartphones thanks to the supplied cable with two USB-C plugs. If required, the mouse can also be connected using the included USB-A adapter.

■ COMPACT DESIGN

The OfficePal M25W has been specially designed so that the mouse is both comfortable to hold and as convenient as possible for mobile use.

■ EASY TO USE

With a weight of just 69 g and three mouse feet made of PTFE, the OfficePal M25W glides comfortably over almost any surface.

■ EFFICIENT WORK AND PRECISE GAMING

High precision and effective use are provided by a combination of six mouse buttons and an optical PixArt-PAW3104 sensor with four selectable levels up to 4,000 DPI.
