

Product Overview:

1. Integrated USB 3.0 cable with Type A plug
2. LED indicator
3. 4x USB 3.0 (Type A ports)

Package Contents:

- 4-Port USB 3.0 Spinhub
- Manual

System Requirements:

- Hardware requirements:
Notebook, Ultrabook or PC with free USB port (Type A port)
- Operating system: Windows 7/8/10, Mac OS X, Linux

Connect to Notebook, Ultrabook or PC:

Remove the integrated USB 3.0 cable from the recessed mount on the bottom of the USB Hub and then connect the USB 3.0 Type A plug to a free USB port (Type A) on your notebook, Ultrabook or PC. The driver for the USB hub function installs automatically. The device can now be used.

Note:

The hub can be used for the charging and synchronization of mobile devices. Devices which have high current demands (e.g. Tablets) cannot be charged.
